

Columbia University HIV Behavioral Health
Training presents:

Understanding and Addressing Stigma to Support Best Practice Care for Substance Use Disorders

Tuesday, April 30, 2024 @ 12 PM EST

SPEAKER

Aimee Campbell, PhD, MSW

Associate Professor of Clinical Psychiatric
Social Work, Columbia University Irving
Medical Center, Department of Psychiatry
Research Scientist, New York State
Psychiatric Institute, Division on Substance
Use Disorders

This presentation addresses the impact of stigma on the quality of care and treatment clients receive. The presenter will describe “person first” language and provide guidance on how to reduce stigma in a clinical care setting.

LEARNING OBJECTIVES

- Identify different types of stigma and how they can create barriers to care.
- Understand “person first” language and the way in which it is used (or not used) across medical conditions.
- Discuss ways to reduce stigma in your workplace.
